**PsyD, Ph D. Or Ed D – Psychologist.**

A psychologist is a health care professional who diagnoses and treats mental, emotional and behavioral disorders and ailments. They have been trained in the science of human behavior and personality and are licensed to do psychological testing and therapy. In New York, psychologists have earned a doctoral degree in psychology from a program registered or accepted as equivalent by the New York State Education Department. Psychologists with doctoral degrees with the letters Ph.D., Psy.D. or Ed D have met the same educational requirements. In addition, New York psychologists have completed two years of supervised experience, including one year after the doctoral degree. They have also passed a licensing exam.

**MD – Medical Doctor**

A Doctor of Medicine is a physician who has had many years of training in the diagnosis, treatment, and prevention of disease. The basic training of a physician includes four years of premedical education in a college or university, four years of medical school, and receiving the M.D. degree, after passing certain exams.

**RN – Registered Nurse**

A nurse who has graduated from a formal program of nursing education (diploma school, associate degree or baccalaureate program) and is licensed by the appropriate state authority.

**Midwife – Midwife**

A person who, having been regularly admitted to a midwifery educational program that is duly recognized in the country in which it is located, has successfully completed the prescribed course of studies in midwifery and has acquired the requisite qualifications to be registered and/or legally licensed to practice midwifery. The educational program may be an apprenticeship, a formal university program, or a combination. Midwifery describes the activities of those health care providers who are experts in women's health care including giving prenatal care to expecting mothers. They attend the birth of the infant and provide postpartum care to the mother and her infant.

**MS – Masters of Science**

An academic degree higher than a bachelor's degree but lower than a doctor's degree.

**NPP – Nurse Practitioner in Psychiatry**

A State certification.

**APRN-BC – Advanced Practice Registered Nurse – Board Certified**

An Advance Practice Registered Nurse (APRN) is a registered nurse with additional education, skills and experience in a health care specialty area. Education is usually obtained within a master's degree program. Varying levels of certification and licensure can be

achieved through state or national entities, and through health care specialty organizations. Advanced practice nurses are usually in one of the following categories:

- CNS – Clinical Nurse Specialist- A CNS is an expert in a specialized area of clinical practice, and is qualified to handle a wide range of physical and mental health problems.
- NP- Nurse Practitioner- A nurse practitioner also provides health care services, including physical examinations, treatment of illness, interpretation of diagnostic tests and prescribing of medications. Nurse Practitioners specialize in area such as psychiatry, women’s health, pediatrics, or other areas.
- BC – Board Certified (Nurse); a National certification.

#### **PA – Physicians Assistant**

Physicians Assistant is a health care professional licensed to practice medicine with the supervision of a licensed physician. A PA may use the initials “PA”, “PA-C”, “RPA” or “RPA-C”, where the “-C” indicates “Certified” and the “R” indicates “Registered”. PAs obtain medical histories and perform examinations, order treatments, diagnose illnesses, prescribe medication, interpret diagnostic test, refer patients to specialists when appropriate and first assist in surgery.

#### **RNC- Registered Nurse, Certified**

Registered Nurse, Certified. A Registered Nurse who has passed certification exams in a particular area of specialty. Exams are administered by the supervising body of that specialty. In most states certifications is a voluntary credential. This credential is used in the credential field of providers but is not listed in the Key nor is it listed in the drop down box in the search page.

#### **ACSW – Academy of Certified Social Workers**

An ACSW provides certification of competence for self-regulated practice by individual social workers. The criteria for ACSW membership is to hold regular membership in the National Association of Social Workers; hold a master’s degree from a graduate school of social work accredited by the Council on Social Work Education; have accumulated at least two full time years or 3,000 hours of post-MSW social work experience in an agency or organizational setting under the supervision of a masters-level social worker; submit two professional references; complete a written application and fee payment and have successfully completed the ACSW written examination.

#### **BCD – Board Certified Diplomate in Clinical Social Work**

The BCD credential is issued by the American Board of Examiners in Clinical Social Work to those who have achieved high levels of clinical education, training and experience. To become a BCD clinician, a social worker must have five years or 7,500 hours of direct clinical practice (3,000) hours under supervision); a master’s degree in social work from a program accredited by the Council on Social Work Education; the highest license or certification in the jurisdiction(s) in which the clinician practices and successful completion of a peer-evaluation-based examination process. Board Certified Diplomates are re-certified annually on the basis of maintenance of licensure, a minimum of 20 hours of continuing clinical education, and currency of direct practice.

**CSW – Certified Social Worker**

Only a licensed social work professional may legally use the title Certified Social Worker. To become a CSW, a person must have earned a Master's in Social Work degree from a graduate school of social work accredited by the Council on Social Work Education; typical programs equal two years of graduate course work, including supervised internships. In addition a certified social worker has passed a national licensing exam.

**CSW – R**

The R indicates that the social worker has had six years of supervised psychotherapy services following receipt of the MSW and is entitled to reimbursement of fees for professional services under the New York State Insurance Law. You will need to check with the social worker to determine which insurance plans they have coverage through and if prior approval is required.

**CASAC – Credentialed Alcoholism and Substance Abuse Counselor**

This credential is issued by the New York State Office of Alcohol and Substance Abuse. The CASAC was established to ensure that counselors who provide direct care in alcohol and substance abuse programs are competent in their work and skilled in meeting the needs of today's clients. To become a CASAC, a person must meet specific competency and ethical conduct requirements; meet specific work requirements; meet minimum education and training requirements; pass both written and oral examinations; and prepare an acceptable written case presentation. A CASAC certifies is valid for a period of two years.
